

2025 ANNUAL REPORT

On Angels' Wings provides ongoing support and grief recovery services for families who lose a child at birth or have a child with a life-limiting diagnosis. Services begin with free therapeutic photography, and mental health and wellness support continues for the entirety of a qualifying child and/or family's journey, all free of charge.

Celebrating life. Encouraging hope. Ongoing support.

When I founded On Angels' Wings over 12 years ago, it began with a simple but profound belief: that families facing the unimaginable deserve to be seen, supported, and held with compassion—not just in the moment of crisis, but for the long road that follows.

In 2025, that belief continued to guide every step of our work. This year brought growth—sometimes quietly, sometimes boldly—but always with intention. We supported more families than ever before, expanded services into new communities, and continued strengthening the systems that allow us to care for families long after the world around them has moved on. While On Angels' Wings is often recognized for the therapeutic photography we offer families in some of the most harrowing moments of their lives, what truly defines our work is what happens next: ongoing grief recovery, community connection, and consistent support that honors each family's unique journey.

As we look ahead, we remain committed to growth that is thoughtful, ethical, and rooted in compassion. The need for our services continues to grow, and with it, our responsibility to ensure that support remains accessible, consistent, and free to families—today and for years to come.

We are exceedingly grateful to the volunteer photographers who make initiating our services for a family possible, and the donors who believe in this mission as much as we do. Both are radically imperative to the furthering of this mission and maintaining our high standard of care with integrity.

We will continue to make space for hope, remembrance, and healing for families facing the unimaginable, long after the moment that changed everything.

In hope,
Michelle L. Cramer, CFRE, ACGRMS
Founder & Executive Director

In 2025 we...

Launched a Children's Grief Program

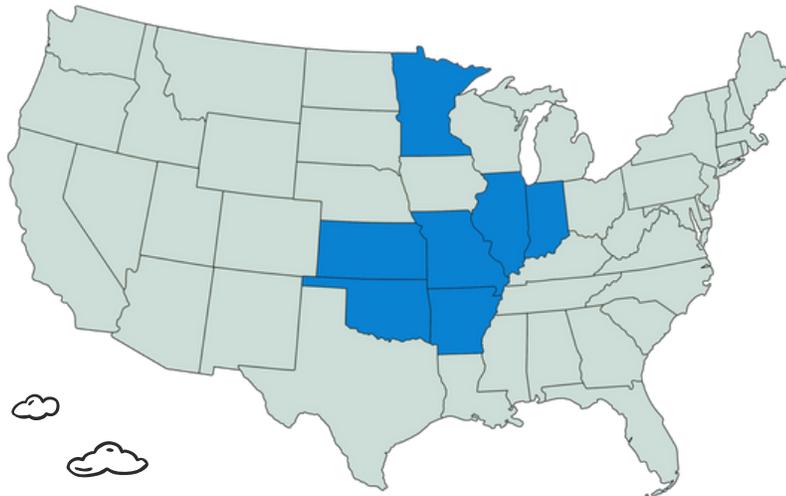

A CHILDREN'S GRIEF PROGRAM
offered by On Angels' Wings

In December 2025, we hosted our first children's grief day camp. All 7 girls that attended were siblings of infant loss – an overlooked niche of child grievers in our community. Five more camps will be held in 2026!

Expanded to a 7th Midwestern State

On Angels' Wings is now serving families across the entire state of Missouri and have chapters in Minnesota, Indiana, Illinois, Kansas, Oklahoma, and Arkansas.

- CHICAGO -

We also launched a chapter in Chicago and started recruiting volunteer photographers.

We received large-scale donations from donors who deeply believe in our mission!

In 2025....

ON
Angels'
WINGS

2025 ANNUAL
REPORT

130 volunteer photographers
completed **492** therapeutic photography
an all time record for the organization!

OAW has provided a total of

2,719 sessions since inception!

That's nearly **3,500** ● ● ●
families receiving ongoing support!
